# ERCIYES - WORLD'S BEST HIGH ALTITUDE CYCLING TRAINING CAMP DESTINATION

Before France 2024 Olympic Games a new amazing place for High Altitude Cycling Training Camp discovered. The benefits of training at high altitude are becoming well know and very popular among riders. We offer the exactly ideal conditions at Erciyes Mountain to prepare yourself for altitude races. Best altitude, best possibilities, best weather, best services and best prices are here.

# SLEEP HIGH - TRAIN LOW

It's time to ride on high altitude for your next championship, to improve performance again the competitive advantage. This is our most challenging cycling camp, and even thoung it's open to all cyclists, you should expect quality asphalt roads, awesome landscape, sleeping at 2.200 meters and riding at altitudes above 1.000 meters that will, definitely improve your cycling strength and resistance.

# BIKE TRANSPORTATION WITH TURKISH AIRLINES

For flights to KAYSERİ, Antalya, Alanya, Adana and Nevşehir and for return flights from these destinations, we provide free carriage for one bicycle until December 31, 2021.

https://www.turkishairlines.com/en-int/any-questions/sports-equipment/bicycle/index.html

# HIGH QUALITY ASPHALT ROADS

Roads of Erciyes - Kayseri are wide, quality asphalt and with low traffic. You will enjoy every moment of your training. In Erciyes, training routes have much alternative in terms of altitude and kilometers. High Altitude Training awaits you on a magnificent road of 13 km, ranging in height between 2.000 meters and 2.200 meters in Tekir Plateau where Hotels are located and you will make your accommodations. The map of the course which very suitable, high quality and wide asphalt for the training.

# RENTAL TEAM CARS WITH BIKERAKE

# AIRPORT TRANSFERS WITH BIKES

# FREE FACILITIES

# **BIKE STORAGE SALOON**

We know how much you love your bike, because of this we are keeping your bikes at night safe locked storage with live security cameras.

# **BICYCLE ROLLER & TRAINER**

All cyclist can use our rollers and trainers free, in our cycling fitness saloon

# CYCLING FITNESS SALOON

The fitness saloon was specially designed considering the needs and demand of cycling teams and riders.
Leg and abdominal muscles were selected.

### TECHNICAL FILES

We hope its not gonna be your last time training here but for the first time we will give you all technical documents about city and parkours like apx etc.

# HAMMAM and SAUNA

Everybody knows something about Turkish hammams and saunas, inside the hotel there is olways place to feel all your body relaxed and cleaned

## MASSAGE ROOM and TABLE

After training all cyclists deserves a good massage, we set up massage room with massage table already for you and for your team massagist
